

## Big Four Await Test Of Russian Policy

### Clue To Come In Austria, Berlin Pacts

Paris, June 18—(AP)—Has Russia revised her policy to the point that she is willing to sort out difficulties with the west on a give and take basis?

Whether the foreign ministers council hammers out in the next two days limited agreements on Austrian and Berlin may provide a clue.

A further test will be in the way Russian officials act on such agreements as may be reached in the four-week conference.

Another Secret Session  
Tomorrow the four power ministers will meet in another secret session. Monday, in an open session, they will discuss in a communiqué or through press statements what they have been doing in the series of secret meetings of the past several days.

Western delegates have been voicing more optimism in recent days on the possibility of getting some agreement. They are not sure yet, for they recall previous experiences when, agreements on the verge of being concluded, were blown up by some unexpected difficulty.

Some points remain to be smoothed out, but western spokesmen seem to expect:

1. An agreement on a way of getting along together in Berlin.  
2. New agreements that may speed along the treaty for Austrian independence.

3. Arrangements for a further meeting of the ministers after a few months, perhaps in New York this fall.

New York Agreement  
The first indication of a Soviet shift in policy was the New York agreement to lift the blockade of Berlin. There has been little Soviet softening at the four ministers' conference. Yet some western delegates have reported signs of Russian willingness to give a little in return for getting a little.

Even so, not a western diplomat contacted, thus far believes this means Russia is ready to make friends with the west on a permanent basis. They believe Russia has merely changed tactics.

One American diplomat expressed this view:  
Having failed with the mailed fist tactics of the blockade, the Russians will not stir new trouble immediately. They want to lure European nations and especially America into a quiet state of indifference.

"They know that America lulls easily on European questions," he said.

Soviet Foreign Minister Andrei Vishinsky was believed in close contact with the Kremlin over agreements reported to call for a four-power negotiating committee in Berlin to iron out trade relations and to implement in writing the New York agreement lifting the blockade.

Vishinsky had tossed out the window the demands of the western powers for guarantees giving them full use and control of rail, road and canal routes into Berlin.

Waitkus To Press Prosecution Of Girl Assailant

Chicago, June 18—(AP)—Eddie Waitkus, Philadelphia baseball star, was quoted today as saying he intends to press for prosecution of the young woman fan who shot him Wednesday.

The Chicago Herald-American quoted Waitkus as saying:  
"They say it is divine to forgive, but I'm not going to be divine where she's concerned."

"If she is found sane, I'll prosecute her personally. If not, I will expect the authorities to see that she is placed in a mental institution."

"She seems to think this is a joke, but I don't. She should be taken off the street the same as a mad dog, because she is obviously mentally ill."

Waitkus was not allowed visitors this afternoon after undergoing a minor operation to drain an accumulation of blood from his right lung cavity.

His condition after the second such operation was reported "much improved" and one of his doctors said he may leave the hospital in three weeks, barring complications.

Meanwhile, the 19-year-old brunette typist who shot him last Wednesday to satisfy a twisted crush compulsion, was the star, if not the expert, in a jail baseball game. She played in a game with other inmates.

## Textbook Checkup Makes Probers Sore

Washington, June 18—(AP)—Angry members of the House un-American activities committee said today they weren't even consulted about a textbook checkup that has dumped them into their hottest controversy of the year.

Probably the maddest of the bunch is Rep. McSweeney (D-Ohio). One of the schools picked at random and asked for a list of books was his alma mater, in his hometown—Wooster College, Wooster, Ohio.

The request to Wooster and to some 70 other colleges and universities, plus boards of education in all states, was intended to give the committee a start on finding out whether any communist propaganda has gotten into schoolbooks.

The members said McSweeney's reaction was so "violent" that it was mainly responsible for a follow-up letter which went out today assuring educators formally that:

"The committee does not desire to interfere in any manner with academic freedom, nor does it intend to censor textbooks."

The petition was sent to the committee by the National Sons of the American Revolution. The committee said in its afterthought letter that the petition contained "serious allegations" about textbooks.

## Says Injunction Clause Will Stay

### KANKAKEE TO HAVE NEW LIGHTING SYSTEM

Kankakee, Ill., June 18—(AP)—Kankakee will dedicate its new \$138,500 street lighting system Monday night.

E. Roy Erickson, chairman of the chamber of commerce committee arranging the ceremony, said more than 300 city officials and business and industrial representatives from 30 towns in Illinois have been invited to the dedication.

A torch light parade through blacked out streets will precede the dedication.

## Jewel Robbers, Slain By Police, Still Unidentified

Schuyler, Nebr., June 18—(AP)—A pair of jewel robbers, who got away with \$75,000 loot only to be slain little more than two hours later in a gun duel with police at a country cross roads, remained unidentified tonight.

Coffey county Attorney L. L. Pospischil said several persons will be brought to Schuyler to view the bodies in an effort to identify the pair killed by officers' bullets yesterday.

Indications are, however, the identifications will not be completed until the Federal Bureau of Investigation reports on finger prints sent to Washington last night.

This afternoon the stolen jewels were returned to Elton Goldberg, Lincoln, Neb., salesman who was robbed by the two men.

Goldberg and a companion were held up and robbed near Lyons, Neb., about 50 miles northeast of here.

A farmer ordered to "keep going or we'll blow your head off" when he interrupted the holdup notified the police and the brief wild chase started.

## Veto May Be Only Way To Keep State Budget Balanced

Springfield, Ill., June 18—(AP)—Governor Stevenson may have to bear down on his veto pen to keep his \$1,273,000,000 two year state budget in balance.

It looked that way today from an unofficial analysis of appropriation bills pending before the Illinois General Assembly.

But nobody will know for sure until the assembly plows through the 10 strenuous working days it has left to make money decisions for the 1949-51 fiscal period starting July 1.

The picture could be changed a whole lot.

Eliminating duplications, appropriation requests that would have to be reconciled with the governor's spending chart for the coming biennium have totaled just under \$1,450,000,000.

Those still alive, and apparently with fair or better passage prospects, run roughly \$1,300,000,000. An okay for all would provide for expenditures of nearly \$30,000,000 over estimated resources. But the legislature undoubtedly will kill some spending proposals.

## Rosenquist Steps Down As Chairman Of GOP In Illinois

Springfield, Ill., June 18—(AP)—Paul C. Rosenquist today stepped down from his chairmanship of the Illinois Republican central committee, a post he has held three years.

Rosenquist, 51, said he quit to spend more time with his real estate business at Rockford and because of uncertain health.

The resignation was announced by Springfield headquarters of the GOP state committee.

The committee will meet here July 1 to choose a successor to Rosenquist, whose term as chairman runs until May 1, 1950.

Meanwhile, its top officer will be vice chairman Conrad F. Becker, mayor of Red Bud and former state treasurer during the second administration of Republican Governor Dwight Green.

Green seeking a third four year term, and the entire GOP slate of state candidates were unseated in the Illinois Democratic landslide of last November.

## Bendix Plant Union Workers To Vote On Ending Strike

South Bend, Ind., June 18—(AP)—Union members will vote Tuesday on whether to end their two-month-old strike at the Bendix Products plant.

Local 9 of the United Automobile Workers (CIO) called the members for 2 p. m. (CST) Tuesday to vote on the proposal of Gov. Henry F. Schricker that they return to work immediately.

Under the governor's proposal, union and management would conduct a joint time study in the brake shoe department and then, if no agreement was reached, turn the dispute over to a fact-finding panel.

The panel's finding would not be binding on the disputants.

Thomas Hutson, state labor commissioner, said Bendix accepted Schricker's suggestion. Union leaders, saying "the highly valued governor's proposal solved nothing and we are just where we started," referring the UAW-CIO's decision to the membership.

The strike began April 20 in a dispute over production and pay rates in the brake shoe department.

## Taft Claims Big Enough Vote As Lewis Hits Solons

Washington, June 18—(AP)—John L. Lewis today indirectly accused Senate Democratic leaders of "flamboyantly" dishonoring "their party pledge" to repeal the Taft-Hartley law.

The United Mine Workers' chief let fly with that charge as Senator Taft (R-Ohio) expressed confidence the senate will vote to keep the Taft-Hartley law provision which lets the government get injunctions against national emergency strikes.

"Will Win"  
"In the final analysis, I think we are going to win on that," Taft said. He is counting on about 16 Democratic votes, he said, while losing only four or five Republicans.

Lewis, bitterly opposed to the injunction, expressed his views in a telegram to Senator Pepper (D-Fla.) congratulating him and Senators Murray (D-Mont.) and Neely (D-W. Va.) for fighting all "crippling" amendments to the Truman administration's Taft-Hartley repeal bill.

Amendments which Lewis is known to regard as "crippling" have been endorsed by Senator Lucas (D-Ill.), the majority leader, and by other top Democrats. The Lewis blast did not call them by name. Some of the amendments already have been adopted.

In praising Pepper, Murray and Neely for their opposition to amendments, Lewis again blasted the Taft-Hartley act in general and its injunction provision in particular.

This afternoon the stolen jewels were returned to Elton Goldberg, Lincoln, Neb., salesman who was robbed by the two men.

Goldberg and a companion were held up and robbed near Lyons, Neb., about 50 miles northeast of here.

A farmer ordered to "keep going or we'll blow your head off" when he interrupted the holdup notified the police and the brief wild chase started.

## Kills Brother, 5, When Rifle Goes Off Accidentally

St. Louis, June 18—(AP)—Richard Bogner, 5, was shot to death yesterday when a seven-year-old brother pointed a rifle at him, Police Capt. Thomas Dirrane said.

Capt. Dirrane, who quoted William Bogner as saying he thought the gun was unloaded, termed the shooting accidental.

The police officer said William told the following story:  
The two brothers were playing store. Richard became tired of the game and sat down on a bed. William got a rifle out of a closet, pointed it at Richard and fired. The mother, Mrs. Frank Bogner, was in the kitchen when she heard the shot.

An older brother, John, 20, told police he had taken the gun apart, emptied it and cleaned it after a hunting trip. He couldn't say why two cartridges were in it.

## PREDICTS 8 MILLION WILL BE UNEMPLOYED

Washington, June 18—(AP)—The Public Affairs Institute forecast today that 8,000,000 will be jobless a year from now if the economic decline goes on. It asked federal action at once to stimulate business.

In a special report on employment, the institute urged:  
Tax cuts in low and middle income brackets, emergency public works in hard-hit areas, revival of the Civilian Conservation Corps and other measures.

## Mrs. Garnier Is Convicted In Death Of John E. Owen

Riverside, Calif., June 18—(AP)—Tall, statuesque Mrs. Agnes Garnier, described by her attorney as the "unwed wife" of 68-year-old John E. Owen, faces a term of one to 10 years in prison for his fatal shooting last April 22.

An all-woman jury convicted the 53-year-old divorcee of manslaughter last night after deliberating seven hours, 34 minutes. Superior Judge Russell S. Waite set next Wednesday for sentencing.

Mrs. Garnier's lawyer, Samuel Houston Allen, criticized the verdict and said he would ask for a new trial.

"Women are sometimes unkind to their own," he said. "The verdict is contrary to public sentiment, and obviously a compromise."

Owen died of a chest wound inflicted by a bullet from his own revolver at his Jurupa Hills Ranch home here. The prosecution charged that the shooting followed a bitter quarrel that began over a set of cocktail glasses given to Owen by actress Irene Rich. Mrs. Garnier claimed Owen threatened to kill her, that he was drunk, and that the revolver was discharged as she sought to wrest it from him.

Owen, president of the National Apartment House Owners' association, had employed Mrs. Garnier as his secretary and manager of some of his apartment houses for the last 12 years. He was estranged from his wife, Mrs. Florence Owen, who, as the final prosecution witness, charged that Mrs. Garnier broke up her home and that Owen went to live in an apartment managed by the divorcee in 1937.

## Man Charged With Attempted Murder Released On Bond

Chicago, June 18—(AP)—Carl Albert Moore, 51, yachtman and industrialist charged with attempted murder of Robert E. McCall, 41, left jail today under \$5,000 bond.

Meanwhile, Moore's former wife, Florence, 38, came here from New York and went to the hospital room of the shooting victim.

In a statement to John Long, assistant state's attorney, Moore said the shooting, in his fashionable Beverly Hills home early yesterday, climaxed an argument about Mrs. Moore.

McCall, a salesman for a Chicago smelting firm managed by Moore, refused to sign a complaint in the shooting. Interviewed by police in Little Company of Mary Hospital where his condition is still considered serious from an abdominal wound, he said it was accidental. Morgan Park police lodged the charge against Moore.

McCall formerly was married to socialite Barbara Morse, daughter of Col. R. H. More, president of Fairbanks, Morse and Co., machinery manufacturers.

## Commits Suicide After Losing Over \$400,000 Gambling

Culver City, Calif., June 18—(AP)—"I did it. Lost \$400,000 gambling. Gambling is a malignant disease. Those were the words of a note police found in the apartment of James F. Dickson yesterday after the wealthy 55-year-old contractor shot himself to death.

Detective Sgt. Charles Lugo said Dickson had sent his sister, Mrs. Delphine McClellan, a telegram notifying her of his plans to end his life. By the time she and officers reached his apartment it was too late.

Dickson amassed a fortune building mansions for screen celebrities.

## Commies Report Uncovering Of US Spy Ring In China

San Francisco, June 18—(AP)—The Chinese communists charged today that a "big American spy ring," directed by the U.S. consulate and army liaison group in Mukden, had been uncovered in Manchuria.

The charge was aired in a long and complicated broadcast by the communist radio in Peking and heard by the Associated Press in San Francisco.

The broadcast alleged that the spy ring was set up shortly after the Japanese surrender in 1945 and had continued to operate underground after the communist capture of Manchuria was completed last October.

It said three men identified as the "principal espionage agents" were under arrest, one had confessed and all "will be punished according to the law of the people's government."

They were named as "Sasaki, a Japanese; Po Yen-Tsang, a Mongolian; and Wu Jen-Chieh, a Chinese national of Sino-American parents."

Sasaki was said to be the one who confessed. The three were declared to have been caught with six American radio transmitters, three generators, 16 secret code books "of the American espionage service," ten gold ingots "for espionage expenses," and quantities of military maps, directives and "documents on the organization of the American 'T.S.' espionage organization."

It said the three were "principally active in the collection of intelligence for the American government."

The statement had a striking similarity to the declaration to aides by Josef Cardinal Mindszenty of Hungary who said before his arrest that any confession of his should be considered null. The cardinal later repudiated the declaration in the court in which he was sentenced to life imprisonment.

Some of the women and children in the crowd were in tears and near hysteria. The men waved their hats and all sang spirited hymns.

"We believe in you," they chanted. From his balcony the prelate smiled and answered, "I believe in you. We believe in each other. But you had better go home. Do not let them try to represent this as a provocation."

## UE Workers End 51-Day Walkout

East Chicago, Ind., June 18—(AP)—The CIO-United Electrical workers today announced the end of their 51-day strike in the Combustion Engineering—Superheater, Inc., plant.

Charles Krause, union steward, said the 50 employees "did not take a pay cut but succeeded in gaining other improvements." He did not announce the terms.

UE walked out April 29 after 75 days' negotiations in which the company worked for a 10 per cent cut in pay. He demanded a "substantial" wage boost and liberalization of vacation, pension and health insurance plans.

## Rains Bring New Threats Of Floods In West Virginia

### Two Shot, Six Beaten As Rival Unions Battle

Fairmont City, Ill., June 18—(AP)—Two men were shot and six beaten severely when a long-smoldering rivalry between two CIO unions broke into violence last night.

For about three hours some 300 striking workers of the American Zinc company plant surged about the city hall. Wives of many of the union men were in the milling, shouting crowd.

Authorities restored an uneasy quiet around midnight and state police and sheriff's deputies began to patrol streets of the community—across the Mississippi river from St. Louis.

Most of the persons who took part in the melee are members of rival CIO unions—the mine, mill and smelters workers and the Progressive Metal Workers' council. The Smelter Workers union has been on strike against the company for four months. The rival union, favoring settlement of the strike, failed by a narrow margin last Tuesday to win bargaining rights at the plant.

Shot through the chest, Joseph Petroski, 35, and Emenio Rodriguez, 58, were in a serious condition in an East St. Louis hospital. Petroski is a former financial secretary of Local 82 of the Smelter Workers' union. Rodriguez is a member of the local's strike committee.

Among those beaten during the riot were Joseph and Angelo Verdu, brothers who head the metal workers' council, and Palmer Ryan, 33. Ryan was arrested at the scene and later charged with assault with intent to murder.

The crowd gathered outside the city hall while Joseph Verdu and two others were making bond. Prior to the riot, they had been arrested and booked, suspected of carrying concealed weapons, on complaint of members of the rival union. Angelo Verdu, learning of the arrests, arrived on the scene with three other men.

"All hell broke loose then," said Police Chief Arthur J. Wylie. "The crowd was definitely in a lynch mood. The women in the crowd were screaming hysterically, and shouted 'let us at them!'"

State police and sheriff's deputies were summoned here from nearby communities.

Wylie reported members of the rival unions engaged in several neighborhood fights earlier in the day.

### Archbishop Beran Leaves His Palace

Prague, Czechoslovakia, June 18—(AP)—Catholic Archbishop Josef Beran emerged from semi-captivity tonight and issued a defiant statement against the communist government here in its war to gain control of the church.

The chunky little 60-year-old church leader told a congregation which packed the Strahov monastery:

"I come to you and swear to you that I will never sign an agreement that violates the laws of the church."

These were the first words the archbishop spoke as he appeared in a high pulpit to address his congregation after four days in the police-regimented seclusion of his palace.

About 3,000 people jammed the church and afterwards gave a rousing demonstration of loyalty in the church yard and in the square fronting the archbishop's palace within sight of the offices of communist President Klement Gottwald.

"We will not ever let them take you," the crowd cried. They raised their arms and extended two fingers side by side in token of pledges of faith.

Speaking excitedly and striking his breast, the archbishop said: "I may not be able to talk to you very many more times. But if you hear anything on the Prague radio saying that I have signed an agreement, don't believe it because I will never sign any agreement against the laws of the church and human rights."

Resists Church-State Pact  
This was a reference to his resistance to any church-state agreement which he contends would reduce the church to a puppet of the state.

(The statement had a striking similarity to the declaration to aides by Josef Cardinal Mindszenty of Hungary who said before his arrest that any confession of his should be considered null. The cardinal later repudiated the declaration in the court in which he was sentenced to life imprisonment.)

Some of the women and children in the crowd were in tears and near hysteria. The men waved their hats and all sang spirited hymns.

"We believe in you," they chanted. From his balcony the prelate smiled and answered, "I believe in you. We believe in each other. But you had better go home. Do not let them try to represent this as a provocation."

### Bricklayers To Work For \$2.80 An Hour

Champaign, Ill., June 18—(AP)—AFL bricklayers in the Champaign-Urbana area agreed today to continue their \$2.80 hourly wage scale in effect for another year.

E. H. English, president of the Champaign county contractors association with whom the union signed the no-raise agreement, said he hoped wage rates in the building industry are "leveling off."

He said it marked the first time since the war an industry contract has been signed here without an increase.

At the war's end, the scale for bricklayers was \$1.875 an hour.

### 6 Already Dead, 20 Are Missing

Petersburg, W. Va., June 18—(AP)—New rains brought fresh threats of disaster tonight to the flooded Shenandoah Potomac valley lowlands. At least six persons already had perished in the raging waters and another 20 were missing.

The latest downpour led state police to predict branches of the Potomac and Shenandoah rivers—which first rushed over their banks last night—would reach higher crests tonight in north Virginia and West Virginia's eastern panhandle.

Among those listed as dead was two-year-old Winston V. Beckwith, whose half-sister told state police she saw the boy and two others swept away by cascading water which had overturned their automobile.

Identify Victims  
Mrs. John Gaither said she and her husband were driving with the infant and two girls near Petersburg, about 55 miles south of Cumberland, Md. They identified the other young victims as Leota Redmond, 16, and Nata Walker, 18. All lived in Petersburg.

The Gaithers themselves were spared when a flyer spotted them after they had spent more than 12 hours with muddy waters swirling about them.

Also dead were Cpl. A. H. Hurst of the West Virginia state police and Mrs. Margaret Frances Bricker of Mount Crawford, Va. A sixth victim was listed by police as a man named "Moats" from Petersburg.

Fellow troopers came upon Hurst's body some 500 yards from the foundation of his crumbled home at Petersburg. His son was among the missing.

Clyde Shanholzer, Ped Cross chapter chairman of Hardy county, said 18 persons had been reported missing in the Petersburg-Moorefield area alone. Moorefield is about 12 miles northeast of here, and neither town has a population of more than 3,000.

2 Missing In Shenandoah  
Besides these 18, at least two more were unaccounted for in Virginia's Shenandoah Valley section. One of them was Mrs. Bricker's seven-year-old daughter.

Hemmed in by the Alleghenies on the west and the Great mountains on the east, Petersburg and Moorefield were virtually isolated. All telephone lines in the former city were down, and only one was in use at Moorefield.

All roads to Petersburg were blocked. Circular routes were open to Moorefield, where about 100 evacuees were quartered in the courthouse and drew food from a high school cafeteria.

### New Anti Aircraft Weapon In US Is Guided Missiles

Washington, June 18—(AP)—Should war come tomorrow the United States probably could step right into mass production of guided missiles able to seek and strike the highest and fastest flying bombers.

Reporting this today, exponents of the new anti aircraft weapon told a newsman, however, that unless compelled to begin production immediately, further improvement of design is desirable. The suggestion was that several years would be needed for perfection of the missiles under peacetime conditions.

If development of this top-ranking weapon has progressed to the point claimed by some guided missiles men, it can have profound effect on the current controversy over the relative capabilities of fighter planes and long range bombers, such as the B-36.

Some saw in it the comparative relegation of the interception-fighter to a secondary position and a challenge to strategic bombers more serious than any imposed by ordinary, manner jet fighters.

Of equal importance, there is in these tactical robot rockets hope for at least some degree of interception of long range intercontinental guided missiles of the future which would travel too swiftly for even the fastest jet fighter.

### Milk Cooperative Goes Bankrupt

Danville, Ill., June 18—(AP)—The Momence Milk Cooperative association was placed under receivership today for reorganization under the federal bankruptcy act.

Judge Walter C. Lindley took the action after the cooperative requested it in a petition filed in a U. S. District court.

He appointed A. L. Etzhus, secretary of the St. Louis bank for cooperatives, and Harry Shapley, associate manager of the cooperative, as receivers.

The association claimed it is unable to pay its debts currently. Ray M. Foreman, assistant U. S. attorney acting as attorney for the creditors, said the cooperative's assets and liabilities were estimated at about \$1,500,000.

**PARASOLS**

Remember when little girls, in the hot summertime, carried parasols like Mother's, only smaller? Plain white or of dainty flowered materials, they kept milk-white complexions from being burned and freckled. Parasols gave little girls a grown-up feeling as they tripped along in white muslin dresses and silk sashes. Remember?

## Assistance Checks For June Arrive Here Saturday

The assistance checks for the month of June arrived here Saturday, according to announcement made by Fred E. Deatherage, superintendent of the Morgan County Department of Public Assistance.

Information released through the Illinois Public Aid commission shows that \$37,776 was distributed for old age assistance. This averaged \$45.62 for the 828 persons on the roll.

For the aid to dependent children, \$13,574 was paid, making an average of \$87.01 for 156 families and \$41.76 for 325 children.

Thirty-four blind persons received aid amounting to \$1,694. The average payment was \$49.82, a slight increase over last month's average.

## Circus Days In Poland

Warsaw—(AP)—It's circus time in Poland and men, women and children are flocking by the thousands to the big tents.

Like just about everything else in this country which employs 50 or more workers per shift, circuses are nationalized. The average Polish circus seems to be short on help, because it's not unusual for an artist to supervise or set-up machinery for his own act in front of the crowd.

A "big tent" in Poland is about the size of a sideshow attraction in the United States. Between 2,500 and 3,500 spectators is top attendance for a performance in Poland. The center top pole of the big tent is only about 50 feet from the ground and Polish circuses have a single ring.

**DP'S AID ROCKET RESEARCH**  
Sioney—(AP)—Nearly 400 displaced persons from Europe are employed on the Central Australia Rocket Range. They comprise Poles, Estonians, Latvians, Lithuanians, Yugoslavs. All have been screened for security reasons.

Federal officials say the employment of the newcomers has stabilized the supply of labor, which previously had shown a high rate of turnover.

## Ice Cool Costumes

Non-crushable linen, tailored for summer comfort, makes the two-piece, two-tone dress (below); also the camisole-top dress with jacket (right). Dotted stole may double as sash.

BY EPSIE KINARD

NEA Fashion Editor

New York—(NEA)—Fashion's cool reply to wilting weather is the linen costume that looks as cool as an ice cube, is as crisp as a cracker.

What gives linen its immunity to heat and humidity and the wrinkling process of warm-weather wear are non-rushable finishes.

Styling linen outfits for summer's versatile needs is a specialty of one outstanding designer. Eisenberg, for

example, tops a camisole-top dress of cinnamon-colored linen with an impeccably-tailored jacket which can be peeled off for summer comfort. There are two tabs at the hip-line of the jacket for anchoring a silk sash of brown and white cord. The hip-swallowing sash may be removed and worn as a stole or a scarf.

The suit that shrugs off the heat by dispensing with a blouse is an

other style success sponsored by Eisenberg. He combines a jacket of champagne-colored linen with a skirt of taupe linen to make a two-piece dress which masquerades as a suit. Posed over the straight, slim skirt is a dress-maker-styled jacket with a peplum tricked up with squared-off tucks. Designed with an eye to summer comfort is this jacket's key-hole neckline which opens up to form a deep square.

## Hermes-Wiseman Vows Spoken Saturday

### Ceremony Here Unites Cass Girl, Alexander Man

Vows of marriage were exchanged Saturday morning in a nine o'clock ceremony at the Church of Our Saviour by Miss Mariellen Wiseman and Francis E. Hermes.

The bride is the daughter of Mrs. Effie Wiseman of Chandlerville and the late W. F. Wiseman. Her husband's parents are Mr. and Mrs. W. J. Hermes of Alexander.

The service was performed by the Rev. Father John Morris, who also was celebrant of the nuptial Mass that followed. Appropriate wedding selections were played by Mrs. Alta Eichen, church organist.

Petal blue satin fashioned the bridal gown, which was styled with a fitted bodice and wide train. The fingertip veil was of bridal illusion in a harmonizing shade of the same delicate blue. The bouquet was a showered arrangement of white lilies and plumosa fern.

**Pastel Shades For Attendants**  
The matron of honor was Mrs. Eva Wiseman, sister-in-law of the bride, who wore a yellow taffeta gown. The bridesmaid, Miss Dorothy Hermes, sister of the bridegroom, and the junior bridesmaid, Miss Elizabeth Ann Wiseman, sister of the bride,

wore gowns of green and peach taffeta, respectively. All three attendants carried colonial nosegays.

Vincent E. Hermes, brother of the bridegroom, served as best man, while Charles E. Wiseman, the bride's brother, acted as groomsmen. The ushers were K. W. Wiseman and L. W. Hermes, brothers of the bride and bridegroom, respectively.

A wedding breakfast was held at 11 o'clock at the Dunlap hotel for members of the wedding party. From two to four o'clock in the afternoon, approximately 100 guests were received at the home of the bridegroom's parents.

For the reception, the bride's mother wore a black crepe dress. A tan and green sheer was worn by the bridegroom's mother. Each had a corsage of white roses.

**Three Tiered Bridal Cake**  
The serving table was adorned with candles and red roses and held a three-tiered wedding cake, topped with miniature bride and groom.

Serving was done by Mrs. K. W. Wiseman, Mrs. C. R. Wiseman, Mrs. Robert Cisne, Mrs. Alvin Pimpfeyer and Mrs. Avalie Schukler.

After the reception, the couple left on their wedding trip. The bride's choice for traveling was a two-piece dress in brown and white, with which she wore white accessories and a corsage of white carnations.

Upon their return, they will reside on a farm near Alexander, where the bridegroom is engaged in farming.

## Tips for Teens: Vacation Jobs Test Maturity

By ALICIA HART

NEA Staff Writer

High school and college girls who expect clouds of glory and easy money when they take a vacation job this summer had better prepare for the responsibilities and realities of the working world instead.

You may be just marking time, but the only time your superiors will mark is the hour you amble in mornings and the hour you scoot out.

If you're serious and really apply yourself, a vacation job can pay off in new skills. Salesgirls, for example, can develop poise and ease in handling people. You can learn the weight of a smile, a pleasant manner and a little applied psychology.

A job, even a temporary one, pays off in maturity. The teenager will have to cope with difficult problems, to make decisions and take responsibility for mistakes and failures.

You will learn lots of things: To take orders without back talk, on one hand, and show initiative on the other; that co-workers judge by results, not by good intentions. You'll learn also that faking facts might have rated "passing" in school, but will rate "failure" with the boss.

You might as well start job hunting with the notion that the Cinderella legend has some flaws in it. By the end of your working summer you'll know for sure that the successful men and women around you got that way by means of solid work and extra effort with little or no help from a fairy godmother.

Distribution of gloves to funeral attendants was an early American custom. One Boston minister collected 2940 pairs.

## Small Girl Falls From Moving Car

Jerseyville—Marcia Lee Allen, three-year old daughter of Mr. and Mrs. Lloyd Allen of Jerseyville, suffered a slight concussion Thursday evening when she fell from a moving car. The child was in the car with her grandmother, Mrs. Pearl

E. Johnson enroute to the Johnson home where she was to be a guest during the absence of her parents from the city. The little girl leaned against the door and pressed down on the handle as the car went around a curve, causing the door to open and throw her to the pavement. She fell on her hip and then struck her head. She was brought back to the Allen home in Jerseyville and her grandmother is remaining there with her until her parents return.

Mr. and Mrs. Allen went to Rockford, Illinois where they have entered their son, Pearl Franklin Allen in the School of Speech at Rockford College for a seven weeks course.

### MURRAYVILLE

Murrayville — The Murrayville O.E.S. chapter 795 will observe Past Matron's and Past Patron's Night Tuesday evening, June 21, with a special ceremony.

Mr. and Mrs. Ralph Heaton and family were guests Sunday at a potluck dinner in the home of her parents, Mr. and Mrs. F. J. Scholfield in Jacksonville, honoring Mr. and Mrs. Leroy Stimpson of Wichita, Kans. Mrs. Stimpson and Mrs. Scholfield are sisters.

Miss Della Simmons returned home Tuesday from Lake Superior, Wisc. and Mich., where she had accompanied Mrs. Arthur Cobb and daughter, Betty, of Jacksonville on a vacation trip. Miss Cobb remained in Wisconsin, where she will be employed for the summer.

Mr. and Mrs. Ralph Heaton and family were supper guests Thursday evening in the home of her mother, Mrs. John Heaton in Lynnville. The

occasion was in honor of the birthday of Lynden and Russell Heaton of Murrayville and Miss Virginia Heaton of Lynnville.

Mr. and Mrs. Russell Riggs, who left Tuesday for an extended visit in California, were guests of honor Sunday evening at a dinner at the country home of Mr. and Mrs. H. B. Riggs of Murrayville.

Lynden Heaton, son of Mr. and Mrs. Ralph Heaton, has accepted a position in the David Prince school at Jacksonville for the coming winter.

Bobby Stansfield underwent a tonsillectomy at Passavant hospital Wednesday.

**Questions And Answers On Service To Veterans**

(This is another in a series of questions and answers regarding the rights of ex-servicemen and their families, as answered by Keith C. Peabody, Veterans Employment Representative, Illinois State Employment Service, 211 East Morgan Street, Jacksonville. For further information, contact Mr. Peabody.)

I entered the armed forces in 1947 for the first time. I lived in Illinois. Am I eligible for the Illinois bonus?

Persons entering service after September 2, 1945, do not qualify for the bonus.

What is the deadline date for applying for the Illinois State bonus? Is it true that if my bonus claim is not paid by that date it will not be paid at all?

July 1, 1949 is the deadline for making application for the Illinois bonus. However, payment of claims filed before the deadline will continue for the same time after that date. Application forms may be obtained from the Illinois State Service Recognition Board, located at 301 West Adams Street, Springfield, Ill.

My only son was killed in action four years ago and had named me as the beneficiary of his war bonds which he had purchased through a pay deduction. Is it possible for me to cash those bonds? Or, if I prefer to wait a little while longer, will I lose the bonds?

If you have been designated as the beneficiary of your son's war bonds, and your name appears on the bonds you may cash them at any time, or you may wait until the bonds mature (10 years from date of issue). You must present evidence to substantiate your claim that you are designated beneficiary.

Would five months of service qualify me for mustering-out pay?

Five months service, any part of which was prior to June 30, 1947, would entitle an enlisted man to mustering-out payment.

**Five Room House, Acreage Bring \$11,280 At Sale**

Attorney Harry G. Story was purchaser of a five room modern house and two and three-quarters acres of land at 225 East Vandalla Road at an auction Saturday morning at the court house. The high bid which took the property was \$11,280.

The bidding opened at \$7,500, jumped rapidly to \$10,000 and went up on smaller bids from that stage of the auction.

The property was sold by Nyle Strommatt, the former owner, with Middendorf Brothers as auctioneers. The five room house is gas-heated. The adjacent acreage is improved with a poultry house, cattle shed and feed shed.

**Derby Registration To Be Stopped Soon**

Hurray boys, there's no time to waste if you want to deal yourself in on the thrills and fun which are a part of every All-American Soap Box Derby.

Registration for the local event, which will take place on Sunday, July 17—less than a month away—will close within the next few days.

There's not much time left to get your entry in, so action is the key word. Just drop by the Cornbelt Chevrolet company, accompanied by one parent, and sign up for the big event.

At the time you register, you'll be given the official rule book, which tells you exactly how to build your racer to conform with Derby regulations.

The rule book is loaded with lots of other information, designed to guide the Derby hopeful in the construction of his car and to answer completely any question he might have.

Six dollars is the maximum cash outlay for the boy. The wheels, steering cable and oil are furnished him. He is also given the official Derby helmet and sweat shirt.

Besides the thrill competing in an event like the Soap Box Derby affords, the entrant also makes himself eligible for a number of valuable and handsome prizes, topped by the trip to Akron, Ohio, for the first place winner, who will represent his home town in the national finals.

The local race is staged by the Exchange club, under the sponsorship of the Cornbelt Chevrolet company and the Journal Courier.

Forty-two boys are now entered. The most recent entries are Kenneth Walker, car No. 41, sponsored by Reynolds' Radio Service, and Butler Lacey, car No. 42 sponsored by the Pepsi-Cola Bottling Company.

# Charles, Walcott Title Scrap Set For Wednesday At Chicago

By Jerry Liska  
Chicago, June 18—(P)—For the first time in exactly 12 years, a heavyweight championship bout will be fought Wednesday night with Joe Louis, the retired Brown Bomber, outside the ring.  
The 15-round Comiskey Park title scrap (National Boxing Association version) will match Ezzard Charles, who sprouted from a 126-pounder to a contender for boxing's top bauble in seven years, and Jersey Joe Walcott, a life-begins-at-over-35 ring paradox.  
There is not a clear-cut world heavyweight crown at stake, and Chicago's fightdom has responded lethargically to the match which Louis—now director of the international boxing club sponsoring the bout—has dictated will be for his

470 to get into Comiskey Park.  
Charles has been established an early 7 to 5 favorite.  
The bet makers apparently are riding with the youth of the 27-year-old Cincinnati and overlooking the performance of the 35-year-old Walcott in two meetings with Louis.  
Jersey Joe, who will outweigh Charles approximately 184 pounds to 132, had enough zing in his walk-away-and-slug-suddenly attack to knock Louis down three times. He all but upset the Brown Bomber in their first tangle at New York, Dec. 5, 1947.  
Wednesday night's bout lacks the blessing as a world title affair of the New York State Athletic Commission, which claims the NBA had no business allowing Louis to rule that his abdicated crown will be up for grabs between Walcott and Charles.  
Be that as it may, the scrap at the baseball home of the Chicago White Sox marks the first time that any heavyweight bout of world, or near-world title description has been contested, without Louis a participant, since June 22, 1937.  
Walcott, who has been fighting professionally since 1930, and Charles, a sudden graduate from the light heavy ranks, will evenly divide 50 per cent of the net take, including television and radio rights.  
Charles takes against Walcott a record of 63 victories in 69 professional fights, mainly in the light heavy and middleweight divisions.

Coach Bennie Oosterbaan and Michigan's 33-year-old captain, Al Wistert, at spring football practice discuss the possibilities of a third, consecutive all-conquering season.

## Emotional Display Marks Last Day Of Babich Trial

Milwaukee, June 18—(P)—Temper flares, faintings and weeping spells today climaxed the first degree murder trial of Milton Babich, accused of shooting his wife's younger sister.  
After the emotional outbursts, the court adjourned until Monday morning when the jury of 10 men and two women will hear closing arguments by the prosecution and defense.  
After that the jury will be asked to take its choice of three verdicts: first degree murder, fourth degree manslaughter and acquittal.  
Babich has pleaded innocent in the death of 16-year-old Patricia Birmingham.  
Today, Babich's wife, sister of the victim, contradicted testimony of Detective Lawrence Papke—later stricken. She denied telling him she had wept at night on her honeymoon because she feared Milton had committed murder.  
Babich testified tearfully yesterday it was an accident. The day marked his first breakdown.  
Today Attorney William J. McCauley called several rebuttal witnesses in an attempt to impeach defense testimony. This led to a flare of tempers between counsel. Deputy District Attorney Joseph Tierney objected to the way chief defense counsel Arthur Richter was objecting to the testimony. Richter said he'd like to be able to object without mumbling from the prosecutor.  
Municipal Judge Herbert Steffes quelled the two by observing that the temperature was very warm, but he'd like to see counsel continue on a friendly basis.

## Southern Cal Wins 13th NCAA Track And Field Championship

Los Angeles, June 18—(P)—The university of southern California Trojans captured their 13th national collegiate track and field championship today. One meet record toppled and three were tied in this 28th renewal of the event.  
The Trojans, who won their first NCAA crown in 1930 and during one span made it nine straight, amassed 552.5 points to carry off the team trophy by a wide margin.  
Individual honors were borne away by athletes from widely spaced sections of the country.  
The highlights, staged before a disappointing crowd of 21,370 gathered under cool but cloudy skies, were:  
Sprint King Mel Patton of USC, equalling the NCAA record in the 220-yard dash in 20.4 seconds, his second in a row; his victory in the 100 yard dash, in 9.7 seconds, his third successive NCAA triumph in this event; his goodbye to competition for Troy.  
Jim Fuchs of Yale setting a new NCAA shot put record in the shot put with a toss of 56 feet 11 inches, one inch better than the record set by the late Al Blozis of Georgetown in 1940.  
Mal Whitfield of Ohio State, the

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, June 18—(P)—All livestock were quoted nominally steady today at the end of a week in which prices dropped on hogs, cattle and sheep. Widest losses were in the sheep section, reflecting a price break in dressed lamb locally and along the Atlantic seaboard.  
Sows comprised about one-third the receipts in the hog alleys, largest proportion of the current sow marketing season and almost double the percentage for the same week last year. Light weight sows lost \$1, but heavy types fell \$1.50 to \$2.25. Barrows and gilts sank \$1 to \$1.50.  
Choice medium and heavy weight steers dropped the most in the cattle section, but losses were pretty wide spread. Top for the week was \$29.50. All classes of dressed beef worked lower. Native spring lambs lost \$2 to \$3 while dressed lambs plunged \$7 to \$13.

## Dieselettes Trip Jay-Cees 6-5 In 10th

The Jay-Cee girls recovered a lost cause and then fumbled it in the tenth inning as they were nipped 6-5 in an extra-inning tussle with the state champion Peoria Dieselettes at the Southside park Saturday night.  
With the Jacksonville femmes trailing 5-0 in the last of the sixth, fans started to leave the park. They were stopped at the gates as the Jay-Cees staged a four-run rally to climb back into the ball game.  
The local gals added the needed single tally in the seventh to tie the ball game at 5-all and force it into extra innings. The home-going fans remained at the gate; and stayed there for three more stanzas until the bad tenth inning when the Peoria outfit touched Bert Lauder—Jay-Cee pitcher—for two hits and scored the tie-breaking marker.

## GRAINS ADVANCE IN BRISK TRADE WITH WHEAT LEADING WAY

Chicago, June 18—(P)—Grains moved upward in fairly brisk dealings toward the close on the Board of Trade today. Early eagerness in wheat and ragged appearance in corn and oats was followed by a show of strength in all pits.  
Wheat led the advance, aiming more than a cent at times over the financial service dispatch quoting an agricultural department source as denying recent trade rumors that the 90-day temporary storage plan would be limited to certain states.  
Also influencing the wheat price raise was a gain of 2 cents a bushel in the trading basis for cash wheat at Kansas City.  
Wheat closed at 1-11 higher, July \$1.94 -1/2, corn was 1/2 lower to 1/2 higher, July \$1.31 -1/2, oats were 1/2 higher, July 58 1/2, rye was 1/2 higher, July \$1.35 1/2, soybeans were 1/2 higher, July \$2.28 -1/2, and lard was 5 cents lower to 2 cents a hundred pounds higher, July \$11.30.  
Estimated receipts of grain in cars lots here today: wheat 27; corn 98; oats 40; rye none; barley 25 and soybeans 18.  
Receipts include 14 cars of wheat and 9 cars of soybeans for CCC account.  
A new photographic emulsion for recording nuclear particles is said to be so sensitive that its producers are faced with the problem of how to prevent its premature exposure by cosmic rays during shipment to research workers.

## Testify Romanian Legation Used By Reds For Spying

Washington, June 18—(P)—Three former members of Romania's diplomatic staff testified today that the legation here has been used by communists to spread propaganda and direct the activities of leftist groups in this country.  
They specifically accused Henry Fainaru, managing editor of the Romanian American, Detroit Romanian language newspaper, of receiving money from legation officials.  
Fainaru, who appeared before the Senate Judiciary immigration subcommittee under subpoena, denied the charge, but admitted that he is a member of the communist party. He blasted the inquiry as a "threat" to the freedom of the press.  
The subcommittee, investigating subversive aliens in this country, heard Fainaru accused by Fanfil Ripoasu, former first counselor of the Romanian legation; Mircea Metes, former first secretary, and Alfons Vogel, former Press Counselor.  
The three also appeared in response to subpoenas. They were in the legation during the general period of 1946 to 1948.

## Irvin Biggs Dies Sunday Morning At Residence Here

Irvin Biggs of 708 N. Prairie avenue passed away Sunday morning at 12:15 at his residence, following an illness of two weeks.  
A painting contractor by occupation, Mr. Biggs was the son of the late Mr. and Mrs. Seaton Biggs. He was a member of the Church of Our Saviour.  
Surviving are his wife, Elizabeth; and the following brothers and sisters: Miss Helen Biggs, Miss Lulu Biggs, Albert Biggs and Mrs. Frank Wamaker, all of Jacksonville; Mrs. Paul Pratt of White Hall; Mrs. Cora Carter of Bluffs; and Mrs. A. J. Huber of Galena.  
The body is at the Reavy Funeral Home. Funeral arrangements are incomplete.

## MARY, LENORE, RALPH WOHLERS ENTERTAIN

The Wohlers—Mary, Lenore and Ralph—had things pretty much their own way at the Happy Workers 4-H club meeting Thursday evening.  
In the first place, the session was held at the Wohlers' home, where ice tea and cookies were served.  
Entertainment included a piano solo by Mary, piano duet by Mary and Lenore, demonstration on seams by Ralph, and a talk on fire prevention by Lenore.  
The other members, who didn't mind the arrangement a bit, enjoyed a treasure hunt and an umbrella race.  
Names Administrator For Litchfield Church

## Pollet Stops Phils' 9th Inning Rally As Cards Take 4 To 3. Contest

St. Louis, June 18.—(P)—Howie Pollet stopped a ninth-inning rally just short of a tie tonight and the flying Philadelphia Phillies dropped a 4 to 3 decision to the St. Louis Cardinals.

The stylish southpaw had the Phils blanked with six hits going into the ninth. Then three singles filled the bases with one out. Big Bill Nicholson went in as a pinch hitter and walked, forcing home a run. Richie Ashburn flied out to bring in a second tally and Gran Hamner singled home another. Then Pollet tightened and fanned Dick Sisler, who had made three hits previously, to end the game and snap the Phils' winning streak at six.

The Cards counted in the first on a walk, a single by Ed Kazak and

Stan Hollmig's error. They added two more in the third when Nippy Jones came through with a bases-loaded single. Ken Trinkle, who relieved Curt Simmons, forced home Enos Slaughter when he walked in the seventh.

## Turnesa To Lead U.S. Forces In Walker Cup Golf

New York, June 18.—(P)—Willie Turnesa will lead the U.S. Walker cup forces against Britain's invaders in August.

Turnesa was one of the 10 leading amateurs named by the U.S.G.A. today to represent the United States against the English at Mamaroneck, N.Y., Aug. 19-20.

Others in the American contingent are Frank Strannhan of Toledo, Ohio, the 1948 British amateur champion; Robert "Ske" Riegel of Upper Darby, Pa.; Ray Billows of Staatsburg, N.Y.; Ted Bishop of Boston; Johnny Dawson of Los Angeles; Charles Kocis of Royal Oak, Mich.; James McHale, Jr., of Philadelphia; Bruce McCormick of Los Angeles and Charles Coe of Oklahoma City. Francis Quimet will be the non-playing captain.

A veteran Walker Cupper and twice national champion, Marvin "Bud" Ward of Spokane, Wash., was left off the squad with no concrete explanation from the Links Fathers.

Reports are that he has applied for a pro job and his amateur status is under investigation.

## 3 Drivers Hurt In Three-Horse Spill At Louisville

Louisville, Ky., June 18.—(P)—Three drivers were injured, one of them seriously, in a spectacular three-horse spill on the opening program of Louisville's new trotting track last night.

Owner-driver Virgil Altizer, Rushville, Ill., was reported in serious condition with a possible skull fracture. Roy Blackburn, Vincennes, Ind., and H. McGinnis, Franklin, Ind., suffered fractures of the leg and hand respectively.

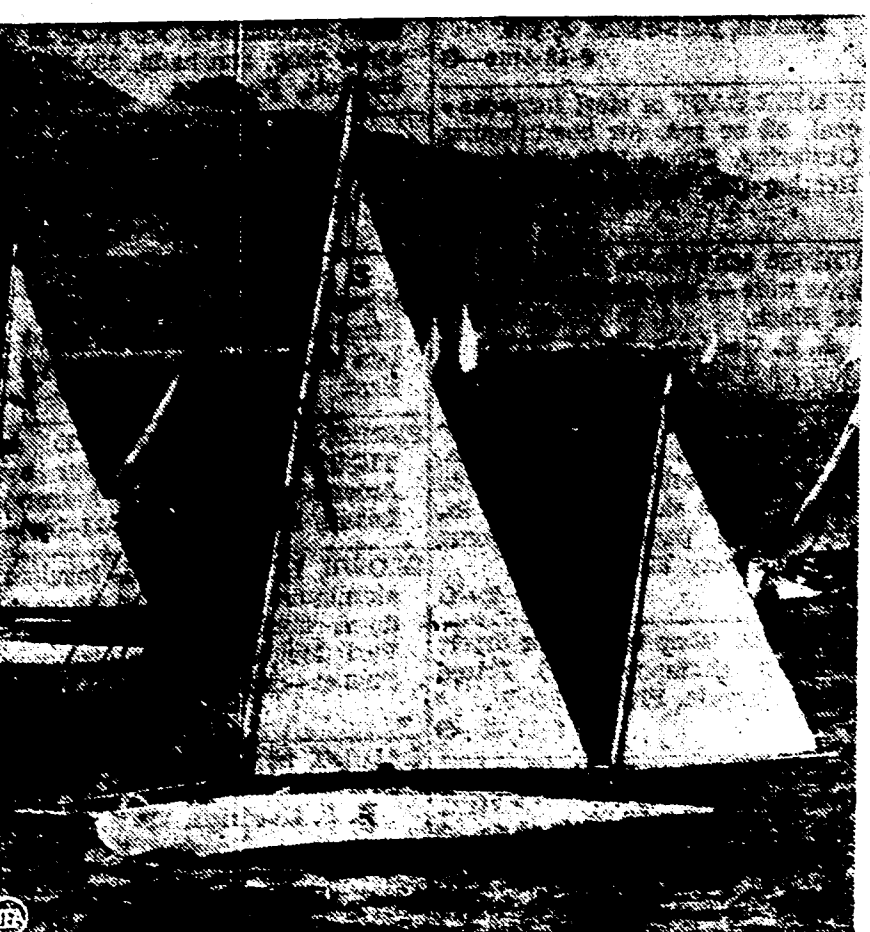

The accident occurred in the fourth race at fairgrounds speedway. McGinnis said his horse, Har-Loc-Mc, was running nicely around the first turn when he appeared to slip and fell. Altizer, driving Easter Lad, and Blackburn, driving Margaret Mitchell, were too close up to avoid running into him.

Altizer struck the track heavily and was unconscious several minutes. All were taken to a hospital. Margaret Mitchell suffered minor cuts and other horses escaped unscathed.

## 45,000 Students In College Sports

Chicago, June 18.—(P)—A survey of intercollegiate, freshman and intramural competition today disclosed that more than 45,000 students tried their athletic skill in the western conference the past school year.

The group included 3,589 varsity veterans and freshman numeral winners in 14 intercollegiate sports. Approximately 42,000 other male students participated in 32 intramural sports. The survey was compiled by the conference office here.

## Barney Gives Up 5 Hits As Brooks Defeat Cubs 2-0

Chicago, June 18.—(P)—Rex Barney was in rare form today as he pitched the National League's front-running Brooklyn Dodgers to a 2-0 five hit triumph over the Chicago Cubs.

Barney fanned seven and walked only two batters in going the distance for the second time this season. His previous route going perfect was a 3-1 two hit conquest over the Cubs in Brooklyn 10 days ago.

The victory was Brooklyn's eighth straight over the Cubs and extended a Chicago losing streak to seven games. It was the Cubs' sixth straight beating under their new manager, Frank Frisch.

Brooklyn knuckled veteran Emil Leonard for a run in the second inning. Gil Hodges beat out a hit and raced to third when Carl Furillo followed with a single to right.

Leonard got Bill Cox to fly out. Bruce Edwards then bounced to second sacker Emil Verban who threw him out after missing a tag on Furillo. Hodges scoring on the play. Verban claimed that Furillo had gone out of the base line and should have been called out to no avail.

The Dodgers scored their final run in the third. Pee Wee Reese singled to start the frame, went to second on an infield out and to third on a wild pitch. Duke Snider grounded to first sacker Herman Reich and Reese was thrown out at the plate. Jackie Robinson then singled Snider to third and the Duke scored as Hodges for the second time beat out a hit down the third base line.

## Boston Uses Walks To Overcome White Sox 7 To 5

Boston, June 18.—(P)—Boston's Red Sox made good use of bases on balls today in a six-run inning by which they defeated the Chicago White Sox 7-5, their third successive decision over the visitors.

The home club, which boosted itself above the .500 percentage mark, had to call on lefty Mel Parnell, ace of the staff, to preserve the victory in the ninth when the White Sox rapped out five consecutive hits for three runs after two were out.

It was Parnell's first relief chore of the season.

Left hander Billy Pierce, the starting and losing pitcher, walked four batters and gave up one hit in the fourth inning before being yanked.

There were three on base when he left the premises and Johnny Pesky promptly tripled into the corner in right off reliever Al Gettel for three runs. Pesky scored the sixth tally of the inning as Ted Williams grounded out.

Ellis Kinder, who lasted eight and two thirds innings for the winners, gave up single runs in the second and fourth and had the Chisox under control until after the first two men had been retired in the ninth.

Then came five hits for three runs and Parnell took over.

With two men on base Parnell threw a ball and a called strike before Dave Philley grounded to Bob Doerr to end the game.

The Chicago club ranged 13 hits compared to Boston's nine.

## Mangrum Ties Middlecoff In Motor City Golf

Detroit, June 18.—(P)—Lloyd Mangrum of Niles, Ill., shot a neat 68—three under par—to tie Cary Middlecoff today for the lead at the 54-hole mark of the 72-hole motor city open golf tournament.

Each has 204.

The Memphis doctor, winner of the National Open at Chicago last week, had a 35-36—71 to go with a 66 and 67 he shot on the first two days.

Mangrum, one of the pre-tournament favorites, had six birdies and nine pars on his round which also included three holes on which he went over par.

He took only 30 putts on his round as he challenged Middlecoff for the \$2,600 first prize money in the \$15,000 tournament.

Bo Hamilton, of Landover, Md., tied for second place with Henry Ransom of St. Andrews, Ill., at the halfway mark of the tournament yesterday, shot a 70 today. That put him into a tie with Jim Ferrier of San Francisco at the 205 mark for third place in the tournament.

Ransom had a 72 today and was in sixth place, a stroke behind Jim Turnesa, Briar Cliff, N.Y., who had a 68 today for a 206 total.

SEES MORE CONSTRUCTION  
Washington, June 18.—(P)—This country probably will do more new construction work this year than it did in 1948, the Producers' Council said today. The council said that the amount of money spent probably will fall off a bit from last year, but also building costs "probably will be somewhat lower." The council is a national organization of building products manufacturers.

## FAN BREEZES

BY BOB MERRIS

Eddie queries "what got into that silly honey?" and Ruth says, "I've found a home in jail." In latest interviews with Chicago news scribes. A convenient arrangement for Miss Steinhagen—but what about the injured Philie first-baseman. He—and doctors—are wondering if he'll ever take the field as an active player again.

Glenn Williams, Sr.—business manager of the local Moose baseball team—has turned scout for the weekend. In a conference with this writer, Williams confessed that he's looking for a new addition to the Moose mound staff. He'd like to have a player of class "C" calibre if possible, but when we quipped "all of the class 'C' ball players are doing their stuff for the major leagues this season," he agreed. The Moose management has several new twirlers on the string and may turn up with something different for the Beardstown tilt this afternoon.

Don Waverling is dead. The 28-year-old Quincy cyclist—unconscious for 116 hours—didn't give up without fight, but doctors agreed that he was licked before he began his mighty struggle for life. Yet, in holding out for almost a week, Don showed the toughness and spirit that marks the motorcycle racing crowd.

Somewhat those daredevils and their two-wheeled mounts remind us of the Roman gladiators of old who entertained howling blood-thirsty crowds by socking each other on the chin with iron-spiked gloves. The bike-racer performs before a crowd that is unconsciously hoping to see some blood spilled—only his weapons consist of skill and strength and his opponent is death.

Though you could say, we're agin' the "sport," and wouldn't be too wrong, we definitely admire the men who ride the iron ponies in open defiance of the fates. The very fact that a motorcycle racing rider is alive is conclusive proof of his skill and luck in the sport.

The Jay-Cee girls proved Friday night that they have a mound staff of distinction. Local golf softball twirlers Bert Lauder and "Pug" McDaniel collaborated to flip a no-hit, no-run game against the Peoria Pastime Club at Havana. Lauder—starting the contest—strayed for two innings and was succeeded by McDaniel who carried on the hitless.

## Cincinnati Whips Braves 6 To 2

Cincinnati, June 18.—(P)—Walker Cooper's big bat boomed again today and the Cincinnati Reds marked up a second straight victory over the Boston Braves, 6 to 2.

Cooper's home run, double and single provided the offense and Ken Raffensberger's pitching provided the tight defense in the rejuvenated Reds' triumph. Raffensberger, winning his seventh game of the season, allowed only six hits, struck out five and didn't walk a man.

Two of the Boston hits were home runs by Jim Russell and Ed Bauer in the fifth.

## Cary Middlecoff Second In Money

Chicago, June 18.—(P)—Golfers Cary Middlecoff, who pocketed \$2,000 and a bushel of prestige by winning the national open, climbed from fourth to second place in the nation's ranking of money winners.

The first prize of the open—Peanuts compared with what Middlecoff will receive through testimonials, endorsements, etc.—boosted the 28-year-old pro's journey winnings to \$11,999.57.

Sam Snead, who finished a stroke behind Middlecoff in the big meet, still retained top spot on the financial list with \$13,860.83. Lloyd Mangrum of Chicago was third with \$11,582.50 and Johnny Palmer fourth with \$10,350.83.

Delaware law provides for a man to be whipped if he is convicted of beating his wife.

RAJK AND 19 OTHERS PLACED UNDER ARREST

Budapest, Hungary, June 18.—(P)—The Hungarian government disclosed tonight it had placed former Foreign Minister László Rajk and 19 other "accomplices" under arrest on charges of spying for an unspecified foreign power.

The Hungarian Worker (Communist) party announced on Wednesday that the 30 had been expelled from the party. Tibor Szoenyi, another leading communist, was among them.

## Raschi Wins 11th Game Of Season As Yankees Win 6-3

New York, June 18.—(P)—Vic Raschi, ace right-hander of the New York Yankees, cooled off the Cleveland Indians, 6-3, today to snap the Indians' six game winning streak and increase the Yanks' American League lead over Detroit to four and one half games.

The victory was Raschi's 11th of the season. The big right-hander, who has been beaten only once, choked the Indians off on seven hits, two of them solo homers by Larry Doby and Mickey Vernon.

Old Satchell Paige opened for the Indians but didn't have his usual pin point control and as a result fell behind in the first inning.

Satch walked three of the first four batters he faced. The ancient right-hander got Yogi Berra to lift a short fly left for the second out and appeared on his way out of danger but Bobby Brown laced a two-run single to center and the Yanks never were headed.

Raschi tripled home Cliff Mape with the Yanks' third run in the fourth inning. Mape socked his fourth home run in the sixth off reliever Steve Gromek to clinch the game. The Yanks added their final tally in the seventh when Ken Keltner booted Billy Johnson's bounder for a two base error.

Rookie Shortstop Ike Boone of the Indians suffered a bruise on his right elbow when hit by a pitched ball in the first inning. Boone left the game in the Yankee half of the second and Lou Boudreau shifted from first to his old position and Vernon went in at first.

Shortstop—Marion, St. Louis, 82-116; Reese, Brooklyn, 80-982; Dark, Boston, 63-351; Stallcup, Cincinnati, 45-736; Kerr, New York, 26-284.

## Eddie Waitkus Still Leads First Basemen In All-Star Voting

Chicago, June 18.—(P)—Although a bullet fired by a girl fan has sidelined him for the season, Eddie Waitkus, of the Philadelphia Phils, still leads the National League first basemen in the all-star baseball poll.

Waitkus, ambushed early last Wednesday by a bobby sox admirer he had never met, today had polled 67,204 votes from the 333,369 ballots cast in the national vote to select the personnel for the all-star game at Brooklyn on July 12.

The votes still are coming in for Waitkus, who has topped the National loop first sacker since the poll opened June 10. He holds a 3,000 ballot lead on runner-up Johnny Mize of the New York Giants.

Ted Williams, Boston Red Sox outfielder, has maintained his lead as the top vote-getter with 102,492. The poll ends midnight, June 29.

## Area's New Drive-In Theatre On Route 67 Plans To Open Friday

Announcement was made Saturday by the Central Amusement corporation that the new 67 Drive-In Theatre located two miles south of Jacksonville on route 67 plans to open Friday evening, June 24.

Work on the giant outdoor theatre is now nearing completion and with clear weather this week the theatre will open as scheduled.

The Drive-In will mark the beginning of a new method of showing motion pictures in Jacksonville — movies shown under the stars.

Excavating work for the project was begun April 10 and since that time workmen have been working diligently to have the job completed by Friday.

The large screen located on the west side of the highway is 62 feet in height and over 55 feet wide. It is constructed of I beam steel for extra strength against high winds and the back and front sides of the structure are covered with a special paint.

### 500 Car Capacity

At full capacity, the theatre will handle over 500 automobiles. For each car there is an individual

speaker system by which patrons control the volume of the movie sound. Parking spaces at the theatre are divided into ramps on which patrons drive their cars with the front of the auto tilted somewhat upward to get a view of the screen looking above the tops of the cars parked in front of them.

All traffic inside the theatre grounds moves in one direction, entering from the north and leaving by exits on the south. There are 10 ramps of parking spaces in the theatre.

In the center of ramp four is the refreshment stand, serving candy, sandwiches and soft drinks. Clean, modern rest rooms and a room for the projection machines are also located in the building.

**Faced With Asphalt**  
The surface of the ten-acre theatre is covered with a coating of asphalt like on many of the streets in Jacksonville and is designed so that in case of rain the entire grounds drains off instantly.

There will be two shows nightly at the Drive-In theatre, rain or clear. Rainy weather does not hinder the operation of the Drive-In for it has been found that raindrops on the windshield do not distort the view of the giant screen.

The theatre was constructed by local contractors and laborers, and materials were furnished by Jacksonville manufacturers and retailers.

Owners of the Central Amusement corporation are Edward Bonacorsi, Elmore Suter and Howard Busey, all of Jacksonville.

## Miss Hazel Hoots Elected President Of Goodwill Class

Other new officers include: vice president, Mrs. Elizabeth Ash; secretary, Mrs. Mabel Louise Martin; treasurer, Mrs. Ada Dobs.

The group enjoyed a tour of the flower gardens of Mrs. George Ticknor, arranged by Mrs. Myrtle Martin, program chairman.

Mrs. Elizabeth Ash led the pledge of allegiance to the flag. Guests were Mrs. Katherine Baxter and Mrs. Long.

Refreshments were served.

The next session will be July 20 at Hamilton's cafe, with Mrs. Pearl McClure as leader.

## Frank Rockwood, Retired Farmer, Dies Saturday

Frank Rockwood, retired farmer of the Winchester vicinity died Saturday afternoon at 4:30 o'clock in Our Saviour's hospital where he had been a patient for two weeks.

Mr. Rockwood, a lifelong resident of near Winchester, was born on a farm near Bluffs, September 29, 1873, the son of Benjamin and Nancy Rockwood. He was married June 28, 1902 to Lora Weedon, who survives.

One son died in infancy.

Survivors include two sisters, Mrs. Helen Hierman of Arenzville, and Mrs. Maude Vannier of Decatur; and three brothers, Homer G. Rockwood of Chicago, and G. C. Rockwood and Sam D. Rockwood of Springfield.

Mr. Rockwood was an organizer and a long-time officer of the Jacksonville Production Credit association.

The body was taken to the Daner Funeral Home in Winchester where last rites will be conducted Monday at 2 p.m. with the Rev. Ralph Jasper officiating.

Graveside services will be under the direction of the Exeter A. F. and F. M. lodge, of which Mr. Rockwood was a member.

Burial will be in the North Prairie cemetery at Winchester.

## Twins Delivered 47 Hours Apart

Rockland, Ont., June 18—(AP)—A 53-year-old doctor who has been delivering babies for 29 years said today he was going to make a thorough study of his latest deliveries—twins 47 hours apart.

"I guess we can call it delayed action," said Dr. W. C. Tweedie, "I've never seen the like of it before."

The twins, a girl and a boy, were delivered to Mrs. Lucien Cleroux, wife of a market gardener at nearby Navan.

Dr. Tweedie said he suspected that Mrs. Cleroux was going to have twins, but was taken completely by surprise by the time lag.

## Mrs. Mabel Byers Services Saturday

Last rites for Mrs. Mabel Eleanor Byers were conducted at 2 p.m. Saturday at the Williamson Funeral Home by the Rev. Ralph Dean of Buffalo, Ill.

Vocal numbers were presented by Mrs. Opeline Swisher, accompanied at the organ by Mrs. G. O. Webster.

Floral tributes were cared for by Mrs. Lena Ballenger, Mrs. Mallie Steele, Mrs. Iola Barthel and Mrs. Louise Broder.

Palbearers included Oscar Barthel, W. H. Perkins, Ralph Floreth, Earl Tonn, Kenneth Sperry and Loren Parks.

Burial was in Memorial Lawn cemetery.

## PHOTOGRAPHER OF 'MIRACLE'

**By The Journal-Courier Farm Editor**  
The annual miracle of the corn plant—from the time the single kernel is dropped into its seed bed through the period of leaf and stalk growth, the pollination of the ear and its development — is depicted accurately in a color film produced by P. W. Russell, Jacksonville photographer.

The 22 minute long movie will be shown this week at Eureka Springs, Ark., during the annual convention of Pfister Associated Growers, Inc. Editors of national and regional farm publications and agricultural specialists from all sections of the Cornbelt saw the premier showing of the film at the Sherman hotel in Chicago on June 3.

They praised the film, terming it "a triumph in time-lapse photography." For the first time, they said, the growth of the corn plant is shown completely.

**Automatic Clickers**  
Mr. Russell and his electronically-minded cousin, Mark Russell of Jacksonville, worked out the details of the equipment which controlled the lights and the camera for the detailed study which was made in the Russell studio. Every five minutes, 288 times a day, the lights would pop on and the camera would expose a single frame of the 25 mm. film.

The local photographer isn't discussing just how he made one series of pictures, which shows a kernel sprouting its primary root system, then its secondary system and then its green sprout.

The one-minute sequence clearly shows the first five days in the life of the corn plant.

**Fight Against Fungus**  
Another sequence is highly interesting. It shows the development of fungus on a grain of untreated seed lying in cold, wet soil.

The pictures show the struggle of the stalk and root germs against the enveloping fungi. The plant wins, but it isn't a complete victory. It will bear the scars of battle throughout the season.

Still another sequence shows the pollen bursting from the swollen anthers of the majestic tassel.

**Many Local Scenes**  
Many of the outdoor scenes which illustrate proper cultural methods were shot, appropriately enough, right on the farms of Morgan county.

Hal Culver of the Chicago WLS staff is the narrator for the production.

A fascinating sideview of the battles, terrors and joys of nature is included in the film. A grasshopper which hits the silky web of a spider struggles to escape, but is finally enveloped by the proprietor of the web.

Prints of the production will be distributed to all branches of the seed corn company and to all agriculture extension services in the Cornbelt.

**Plans Other Work**  
Mr. Russell is now working on three other productions. A church organization is making preliminary plans for him to make a series of short, color films built around the theme, "God In Nature."

Photography was Russell's hobby during his high school days at Roodhouse. Pictures helped pay his way through Shurtleff college. During the war he served as captain of a photographic company in the South Pacific, where his skill earned for him a special commendation from General MacArthur.

## ROYAL OAKES, WHEAT MAN

Royal Oakes of Bluffs stands in a lush growth of Royal wheat as he tells visitors of the merits and faults of the variety that was named for him by University of Illinois plant breeders in recognition of his valuable work. Through the years Mr. Oakes has done much for the precise, technical testing necessary to determine the value of new varieties.

## Warm Weather After Rains Booms Morgan Corn, Beans

The thermometer has popped up in the last two days, but it's running a poor second to the crops on the fertile acres of Morgan county. Observers said Saturday that the warm weather "was just what the doctor ordered."

Hundreds of corn acres planted the last week or ten days in April have already been "laid by," they said, much of it without the presumed benefits of a third plowing. Some farmers managed to get over the fields for the third cultivation; in other spots the plants have grown so high that tractor cultivation is now impossible. The traditional "laid by on the Fourth of July" is more than two weeks away.

**Rain Deduces Borer Hazard**  
The threatened cornborer epidemic was largely reduced by Wednesday's beating rains, which swept the leaves of early corn free of millions of egg clusters in this county. Many farmers who had expected to spray their corn with DDT have been spared the expense and trouble of the job.

The wheat crop is booming along too. Few farmers feel that the yield and quality of the grain will be up to last year's bumper production, but it's bound to be good. There'll probably be more bushels of the grain produced this year than there was in 1948, when a 40 bushel crop was

rather ordinary, when many 50 bushel and a few 60 bushel yields were reported. There's more acres of wheat in the county; some say as much as 20 percent more.

**Grasshoppers Thick In Spots**  
The grasshopper threat was also diminished by the recent rains, but there's still plenty of them in certain spots. Certainly enough to do much damage to corn and soybeans in the event of a dry July and August.

Farm Adviser E. H. Garlich has been examining fields throughout the county. He recommended Saturday that farmers make a thorough check of their fields. If there's still a heavy population of grasshoppers he suggests immediate spraying of the area.

"It doesn't take so much chlordane to do the job now. And not nearly so much work."

The farm adviser said he examined one farm side area which had as many as 100 young hoppers to the square yard. There's a 40 acre field of fine corn between it and a hayfield.

"Using two and one-half pounds of chlordane now on five acres bordering the field will take care of the grasshoppers," he asserted. If they thrive it will take much more. The entire cornfield will have to be sprayed, taking at least 40 pounds of chlordane, plus an airplane."

## Winchester Legion Plans Fish Fry For July 6

Winchester — The Winchester Julian Wells Post 442 of the American Legion will hold its summer fish fry and election of officers at the Legion building on Wednesday evening, July 6. Bill Milestead will head the entertainment and refreshments committee. Commander Kenneth Cunningham, presiding at the regular meeting last Thursday in the Legion building, expressed hope that virtually all of the membership of 220 would be able to attend this important July meeting. Cunningham also announced a meeting of the committee chairmen for the annual burgo picnic. This meeting will be held with the committee chairmen from the auxiliary at 8 p.m., June 24, at the Legion building.

H. B. Corrie returned Thursday from an agricultural meeting in Champaign.

Miss Martha Sudduth and Miss M. Ruppert of Winchester, Ky., arrived Wednesday for a visit at the home of Mrs. Bert Clark. Mr. and Mrs. Robt. Wright, Miss Sudduth, and Miss Ruppert left Friday to meet Thomas Sudduth of Atlantic City, N. J.

Tom Danner and Dr. James Bailey attended the baseball game in St. Louis Friday night.

Dr. and Mrs. Walter MacMullen were in St. Louis Friday.

Mrs. James Edmonson and Mrs. Burl Merriman entertained 26 guests at a dinner party held Saturday night at the Edmonson home.

**Monday's Program**  
Monday's program on audiology to be held in the auditorium features: "Audiology and Its Relation to the Education of the Deaf," Dr. Raymond Carhart.

Demonstration: "Modern Speech Audiology," Dr. Carhart, Mrs. Evelyn Corgan, and Mr. Edwin Shuts.

Panel Discussion: "The Hard-of-Hearing Child" and His Management," Dr. S. Richard Silverman.

Appearing on the panel: Dr. Dee Doerfler, Miss Jeanette Fraser, Dr. Richard Marcus, Miss Miriam Pauls, Dr. Scott Reger, and Miss Miriam Quinn.

Demonstration: "Evaluating the Young Child's Hearing," Dr. and Mrs. A. W. G. Ewing.

**Vocational Training**  
The vocational section will include the following discussions: "Re-evaluating the Vocational Programs of Schools for the Deaf," Arthur G. Norris.

"Vocational Training in the Employment Offices," Ben M. Schowe.

"Organization of a General Shop Program," Merton Wheeler.

"Art Education," Mrs. Edith Purcell.

"Home Economics Education Programs," Pauline Gillette Garrett.

"Curriculum in Arts and Crafts," Mrs. Marion Matchitt.

The program for deaf teachers, which will be given both orally and in signs, is:

"Suggestions for Construction of Teacher Prepared Tests," Herschel Ward.

"Preparation of Deaf Teachers," William J. McClure.

"The Results of a Survey of Gallaudet College Alumni Doing Graduate Work," Thomas K. Kline.

"Graduate Work and the Deaf Teacher," John Blindt.

"Special Education and the Deaf Teacher," Helen A. Stewart.

"The Manual Department of the Illinois School for the Deaf," James N. Orman.

"Application of Visual Education Material in a School for the Deaf," Myron A. Leenhouts.

Charles W. Watson of the Michigan School for the Deaf will read a paper to the supervising teachers.

Willard B. Spalding, dean of the college of education, University of Illinois, will address the general meeting at 8 o'clock Monday evening.

**BOY SCOUTS, LEADERS CAMPING IN CANADA**  
Six Jacksonville Boy Scouts and their leaders are enjoying a canoe-camping trip on the international lakes dividing Minnesota and Canada, according to word received by their relatives last week.

The group left Jacksonville last Sunday afternoon. They launched their canoes on Moose Lake for a 10 day camping tour of it and its connecting waters along the international line.

Lawrence W. Crawford and Dr. Friedrich Engelbach are the leaders. With them are their sons, Bud Crawford and Fred Engelbach, John Walker, George Thayer, Jr., and Jerry Omundson of Troop 102 and George Conlee of Troop 111.

**RECRUIT HAROLD GILBERT STATIONED AT CAMP CHAFFEE**  
Recruit Harold L. Gilbert, son of Mr. and Mrs. William Gilbert of 328 W. Court street, has been assigned to the Fifth Armored division for eight weeks of basic training. He is now with Battery B, 71st Armored Field Artillery Battalion at Camp Chaffee, Arkansas.

**JAMES HANRAHAN DIES IN CHICAGO**  
New Berlin — Friends here have received word of the sudden death of James Hanrahan, which occurred at the stock yards in Chicago.

Mr. Hanrahan was a former New Berlin resident and was a prominent stockman. At the time of his death, he was connected with the Chicago Stock Yards.

Mrs. Ed Stapleton of New Berlin attended the funeral in Chicago.

**CAPT. A. B. VOSSSELLER ON MEDITERRANEAN CRUISE**  
Capt. Aurelius B. Vosseller, USN, son of Mr. and Mrs. James O. Vosseller of 1215 West College avenue, has been on a 10 day visit to Naples, Italy as a crew member of the aircraft carrier USS Coral Sea, after intensive training with the sixth task fleet in the Mediterranean.

Visits to Rome and tours of Pompeii and the Isle of Capri were on the liberty schedule.

## Levison Family Leaves Greene, 'Nobody's Sad'

The Lincoln Levison family which brought Greenfield and Greene county so much uncomplimentary publicity has moved out of the state. According to Victor Havens, a veteran editor and publisher of the Greenfield Argus, nobody is sorry they're gone.

Mr. and Mrs. Levison asserted they were being persecuted for not sending their eight year old daughter to public schools. The parents, both of whom are college graduates, said they were giving their daughter an adequate education at home through personal teaching and use of a correspondence course furnished by the Seventh Day Adventists.

Editor Havens wrote:

Lincoln Levison and family, who came to this city during August of last year, packed up their household effects and departed via truck on Thursday last week for a new destination at Leasburg, Mo. They left instructions with Mrs. Floyd Cook to tell the community of their good fortune.

Mrs. Cook, local friend of the Levisons, said that she made the trip to Leasburg to inspect the farm prior to its being bought by the Levis
